## Seminar Lecturer:

### **Joel HENCKS**

- Managing Director; Partner, AeroEx, GmbH - Switzerland
- Member; EASA Rulemaking Group OPS, FTL & SMS
- Fellow; Center for Aviation Competence - University St. Gallen
- Auditor; International Business Aviation Council (IBAC)
- Member; ICAO Operational Safety Data – Industry Study Group
- External Expert Operations & Horizontal Disciplines; EASA
- Board Member; FRMS Forum
- Board Member; Swiss Aerospace Cluster

Joel HENCKS is the Managing Director of AeroEx GmbH, an aviation consulting company based in Switzerland offering a wide range of services to both commercial and non-commercial aviation organizations.

With several decades of experience in many sectors of the aviation industry, AeroEx support their customers in the implementation and realization of international aviation requirements, Safety Management Systems, compliance monitoring and auditing. AeroEx additionally provides workshops and seminars on a variety of aviation-related topics to management personal and employees of the aviation industry.

Since 2006, Joel Hencks is a member of the EASA rulemaking group OPS.001 and was chairing the EASA OPS Review Group 02. These working groups developed the Implementing Rules Air Operations for Europe. Since 2012 Joel Hencks is also member of the EASA Rulemaking Groups Flight & Duty Time for Air Taxi and SMS Cross Domain.

In 2016 Joel Hencks has been appointed by the International Civil Aviation Organization (ICAO) to participate in an Industry Study Group on Operational Safety Data (SIMS-OSD-ISG).

Furthermore, Joel Hencks is an avocational lecturer for Aviation Regulation, Safety Management Systems and Compliance Monitoring at the Center for Aviation Competence (CFAC-HSG), University of St.Gallen and the Steinbeis University Berlin.

Joel Hencks is a professional pilot. He flew for different airlines, air ambulances and on demand air charter operators.

Beside his airline transport licence, he is holding a technical degree in electronics and is an International Standard for Business Aircraft Operations (IS-BAO) accredited auditor.
