

ADS-B: NextGen Avionics

Compliance, Safety and Efficiency

Friday 18th January 2019

Fort Lauderdale, FL, USA

Platinum Sponsor

AGENDA

Moderator: To be confirmed

9.00 Registration

9.30 Welcome Remarks

Panagiotis Panagopoulos, CEO & Founder, Aeropodium

9.40 **PANEL DISCUSSION**

ADS-B: An overview of the new regulations for NextGen avionics and the purpose of such technology

Alexander Craig, Managing Director, AvRisk

Joseph Zulueta, ASA, Managing-Partner, Aeronautical Systems

Other Speakers to be confirmed

11.00 Networking Break

11.30 **PANEL DISCUSSION**

How can operators become compliant and what are the deadlines?

E. Terry Jaramillo, President & CEO, vonJet Aviation Group

Other Speakers to be confirmed

12.30 **PANEL DISCUSSION**

ADS-B Out and ADS-B In: What are the differences, advantages and costs?

Speakers to be confirmed

13.30 Networking Lunch Break

14.30 **PANEL DISCUSSION**

The operators' perspective: What are the main concerns?

Capt. Sakeer C. Sheik, Managing Director, Titan Aviation Group

Other Speakers to be confirmed

15.30 Networking Break

16.00 **PANEL DISCUSSION**

The OEMs' perspective: Meeting the demands of operators and regulatory authorities

Speakers to be confirmed

17.00 **PANEL DISCUSSION**

Compliance, safety and efficiency: A vision for the future of ADS-B technology

Speakers to be confirmed

18.00 Concluding Remarks

SPEAKERS

E. Terry Jaramillo, President & CEO, vonJet Aviation Group

E. Terry Jaramillo is the founder, President & CEO of vonJet ® Aviation Group, a company focused on mid- and end-of-life transport category aircraft engine leasing. Spanning nearly five decades, Mr. Jaramillo's involvement in aviation began in 1966, when he received his Private Pilot License through Tursair Flight School at Opa Locka Airport. In 1967 he received his instrument and multi-engine ratings, and in 1968 his Commercial Pilot License. In 1969 he formed Crown Aviation Corp. and Aero Service Associates, Inc., an FAA Part 135 Charter Operator, as well as earning a Douglas DC-3 type rating. In 1969, he earned his Airline Transport Pilot License, and was told by the FAA examiner that he was probably the youngest ATP on record, since he was six months shy of his 23rd birthday - all of this while attending the University of South Carolina and Miami-Dade College, and later FIU. He became Chief Pilot for Kentucky Fried Chicken of Florida, Inc., and later formed (owning 20%) Jareck Leasing & Financial Corp., a division of KFC of Florida, which he operated until he sold it to Southeast Bank in 1975. He was immediately hired by Southeast First Leasing to develop, among others, aviation leasing services. In 1968, Citicorp Leasing, Inc. recruited him, and later sent him to Citibank's CAU (Credit Analysis Unit) in New York. There, he obtained his credit initial and went on to manage large relationships for Citibank, e.g., Ryder System, Southeast Bank, etc. In 1973, he was recruited by Hugh McColl, then President of NCNB, later known as NationsBank and Bank of America, to become their first Corporate Lending Group Head in their first Miami office located in One Biscayne Tower. He continued in his banking career after being recruited by Ensign Bank, a bank owned by Ted Arison (founder of Carnival Cruise Lines) and by Pacific National Bank, a bank owned by Banco del Pacifico in Ecuador (where he lived as a child).

After commercial banking, he moved into investment banking, where his entrepreneurial instincts could be better put to use, and the rewards substantially higher, without the inherent conflict of interest of being a bank credit officer approving deals. During that period, he became involved in many transactions overseas, including Chile, Brazil, Venezuela, Guatemala, France, Greece, Switzerland, Germany, Morocco, Poland, Hungary, Finland, Kazakhstan and Russia, all of which gave him a greatly broadened perspective on business. In 1999, he formed Capital Interfunding, Inc. to act as an Internet portal for various types of financing transactions. He put together a group and raised the financing to acquire a B737 "glider" from the estate of George E. Batchelor (Aerospace Finance Corp.) and re-engined it with "baby" JT8-Ds. After a number of other aviation-related financing assignments, in 2003, he formed Jet Aero Holdings, Inc. and Jet AeroSpares, LLC together with very knowledgeable industry partners and began acquiring end-of-life aircraft (B747s / B767s) located at the Evergreen Air Center in Marana, Arizona with a view towards harvesting the engines (including APUs) and parting out the airframes. Engines were either sold or leased under "green time" leases, later parting them out, as well. All landing gear, components, control surfaces, etc. were placed on consignment with various parts houses. In 2007, he formed vonJet Advisors, Inc. and in 2008, vonJet Aviation Partners, Inc., which was intended to become an engine leasing fund. Due to the worldwide financial collapse in 2008, followed by the Great Recession, the fund concept was shelved. However, various transactions were completed with both internal and outside investor capital. Additionally, vonJet acted as aviation advisor to various individuals, companies and banks.

Mr. Jaramillo was a speaker in 2014 US-Africa Air Transport Summit on the subject of Funding Options, Investment Opportunities and the Role of Air Cargo in the Development of US-Africa Air Commerce and Trade.

In 2015, Mr. Jaramillo was a speaker at an AeroPodium conference on U.S. Aircraft Financing and Leasing, where he spoke on the subject of repossessing aircraft in default situations.

In 2016, Mr. Jaramillo was a speaker at an Everest Events Seminar on Aircraft Records & Asset Management.

Mr. Jaramillo was a speaker and is published in the American University International Law Review, Volume 13 | Issue 4, on the subject of Financing Sources for Trade & Investment in Latin America.

Joseph Zulueta, ASA, Managing-Partner, Aeronautical Systems

Joseph T. (Joe) Zulueta, ASA, is an accredited senior aircraft appraiser designated by the American Society of Appraisers (ASA) and has been an independent aircraft appraiser, surveyor, and auditor specializing in corporate jet and turboprop aircraft for over 25 years. A U.S. licensed pilot, graduate of Trinity International University with a B.A., in Business Administration and has completed numerous post-graduate courses within the aviation and appraisal disciplines.

He is a Managing Partner of Aeronautical Systems, headquartered in Miami Lakes, Florida, serving the aviation industry worldwide since 1986. The firm specializes in aircraft consulting; prospective, current and prospective appraisals; damage event and diminution of value assessments; expert witness testimony to include pre-trial consulting through post-trial support; fractional aircraft ownership redemption consultation; major asset and portfolio management; and acquisition services on a diverse range of aircraft. The firm has appraised thousands of aircraft with an aggregate value totaling well over one billion dollars.

He is a guest lecturer and speaks on a broad range of aviation topics. First and foremost, he is a skilled aircraft appraiser. More broadly, he is a well-established expert witness in the assessment of diminution of value for damage aircraft events. He also has leadership responsibilities over aircraft asset and fleet portfolio management along with new and pre-owned acquisition services.

Mr. Zulueta analyzes and designs intra-company workflow processes, digital valuation tools, software integration models specific to the appraisal field and strives every day to produce and publish accurate, transparent and common-sense appraisal reports that the recipient will clearly understand.
