FOR IMMEDIATE RELEASE

November 27, 2012

Aircraft repossession and recovery to be debated in Dubai

London, UK, November 27, 2012: Aeropodium is honoured to present the 4th International Aircraft Repossession Summit. This event will take place on December 9, 2012 at Sofitel Dubai Jumeirah Beach hotel in Dubai, UAE.

Panagiotis Panagopoulos, CEO and Founder of Aeropodium commented that "aircraft repossession is a global issue and Aeropodium provides the forum for debate, information and exchange of ideas. This is the podium of aviation and no speaker is appointed to contribute to the debate in Dubai for PR purposes."

Following the previous success of the conference in Miami, FL and London, UK, this event is organized for the fourth time in order to explore the latest developments in the field of aircraft repossession and recovery. It will provide the platform for high level debate, exchange of ideas and information as well as extensive networking opportunities for aviation executives from the Middle East and around the world. Themes to be discussed include how to protect your aircraft from wrongful repossession, the Cape Town Convention facilitating the off-shore repossession of business aircraft, protecting your asset after repossession and aircraft storage, business aircraft repossession, aircraft records and retrieval during repossession, business jets in China, aircraft repossession in regions of conflict, and an asset based lender's perspective.

The conference will be chaired by Anthony Frances, Partner, Gates and Partners. Expert speakers will contribute with their knowledge and experience: Leonard Favre of 1BlueHorizon, Patrick Honnebier of Gomez & Bikker Law Offices, Yves Lavigne of World Assets Transition, Roland H. Moore, Aviation Attorney, Wes Parfitt of EnvelopeAPM, Jean Semiramoth of Altair Aero Projects, Lou Sorrentino of ICF SH&E, and Don Walsh of Guggenheim Partners.

This aviation event is organized by Aeropodium. For more information, please visit the official website www.aeropodium.com/cp/aircraftrepo.html
